

PRELIMINARY INVESTIGATOR REQUEST FOR PROPOSAL

This form will provide preliminary information to the Research Committee.

Title of project:

Abstract (maximum 250 words):

Investigators: Please identify the principal investigator with contact information, co-investigators, academic title, institution and suffixes such as DVM, PhD, etc.

Objectives, Significance and Justification: Include relevancy to animal owners and veterinarians as well as applicable breeds if any.

Literature Review: The literature review should indicate current status of research in the area including investigator's contributions.

Preliminary Data: Is there any preliminary data to support the project?:

Status of Project: Is this a new project or continuation/next phase of a previous project – if continuation, state source of funds project up until this point, status of research so far, and reason for hiatus.

Timetable: Indicate sequence and schedule for the total project, and duration of project (one year, two years, etc.). This timetable does not include time to publication.

Budget: total amount needed for project – is the entire amount needed up front or spaced out over the timeline?

Please save this document as a Word file, complete your responses and resubmit to info@bonecancerdogs.org

Thank you for submitting the information on this initial screening request. We will reply within 15 days.

Regards
